The financial policy in our office is PAYMENT DUE AT THE TIME TREATMENT IS RENDERED, unless payment arrangements have been approved before treatment is started. We accept cash, checks, Visa and Mastercard.

As a courtesy to our patients we will process your insurance claims for you. To do this we must have a completed form and a copy of your dental insurance benefits.

Your insurance is a contract between you and your insurance company. We are not a party to that contract. You are responsible to pay for any unpaid balance by them. Not all services are covered in all policies and not all our fees fall within the UCR (Usual, Customary and Reasonable) fee established by your insurance company.

If payment is not received from your insurance company within 45 days after date services are rendered then you are responsible for your total bill. This includes patients with double coverage.

At the first visit full payment is due for treatment rendered except for patients having preventive treatment with 100% coverage and no deductible applicable to preventive care.

We are pleased to offer a 5% bookkeeping allowance for all payments in full by cash or check for charges over \$200.00.

Returned checks are charged a \$20.00 returned check fee.

Past due balances are charged a finance charge of 1.8% beginning after 45 days of date of service. Balances over 90 days are referred to a collection agency or small claims.

We realize temporary financial problems may affect timely payment of your account. If such problems do arise we request you contact us promptly for assistance in the management of your account.

If you have any questions about the above information or any uncertainty regarding insurance coverage PLEASE DO NOT HESITATE TO ASK US. We are here to help.
